3 SPORTS TOURNAMENT RULES AND RULES OF PLAY

- 3.1 Associations who may be appointed by Clubs NZ to oversee Clubs New Zealand tournaments may advise of their rules to particular sports. These rules shall be confirmed and agreed at the respective sports AGM's and then communicated to delegates, participants, clubs sporting adjuncts and clubs New Zealand Sports Co-coordinator.
- 3.2 Proposed amendments to the tournament rules and variations to the sports code rules of play shall be made by way of a remit in writing to Clubs New Zealand at least 21 days prior to the tournament.

***"Remit"** means any member club or the executive may submit a remit on any matter of interest to the association member clubs at the Annual General Meeting or at a special meeting of the association. Such a remit when submitted does not require a seconder but when moved on behalf of the submitter at the meeting it must be seconded by another member club before any discussion. If not seconded the remit lapses.*

4 DISPUTES

- 4.1 All host clubs shall provide for a disputes committee.
- 4.2 Complaints regarding participant(s) behaviour outside of the tournament hours of play are to be referred back to the participant(s) home club.

4.3 The host club coordinating and delivering a Clubs New Zealand tournament shall advise in writing:

(a) Take full responsibility for the tournament;

(b) Indemnify Clubs New Zealand against any claim by any person in relation to the tournament.

5 TOURNAMENT APPLICATIONS AND DATES

5.1 Tournament dates are to be voted on by the delegates. Once agreed, the event is to be held as close as possible to that date each year.

5.2 All host clubs are requested to notify Clubs New Zealand immediately of all dates, venues, the club and the persons responsible for hosting and running forthcoming tournaments.

5.3 All Clubs New Zealand tournaments must be held at the same time or as close to as in previous years, unless otherwise agreed to by the delegates when meeting to vote on the host club for that year.

5.4 Host clubs and other associations who, due to unforeseen circumstances, wish to change the tournament dates as approved by the delegates meeting, must apply to Clubs New Zealand for permission.

6 ENTRIES AND PRIZES

6.1 Entry into sporting tournaments is restricted to players who are members of clubs who are members of Clubs New Zealand under Rule 7 of the Clubs New Zealand Constitution. Entry is restricted to teams or individuals selected by a club to represent their club. 'Independent' teams or individuals including Associate Members are NOT eligible to enter Clubs New Zealand tournaments.

Clubs New Zealand shall be entitled to notify the host club or other association to exclude any person from assisting with or otherwise being involved with a tournament. Upon receipt of such notification, the host club or other association shall take all practicable steps to exclude such persons from being involved in the tournament in any way.

6.2 **Transgender people participating in Clubs New Zealand Tournaments**

Clubs New Zealand and its member clubs must not restrict the participation of a transgender or transexual person in sporting events or tournament unless this is strictly necessary to uphold fair competition; any other restriction would amount to direct discrimination.

Clubs New Zealand and its member clubs should treat a transgender or transsexual person as belonging to the sex in which they present (as opposed to the biological sex they were born with) unless this might give the transgender or transsexual person an unfair advantage. Any negative effect of restricting the participation of transgender or transsexual people must be mitigated as far as possible, to permit as much inclusion as is fair.

- 6.3 Tournament entry fees are to be set at the delegates meeting at the previous tournament unless otherwise stated in the tournament rules.
- 6.4 Subject to availability of facilities at the host club, all clubs who enter a Clubs New Zealand tournament can enter at least one team based on first in basis. At the discretion of the host club a club can have more than one team entered subject to availability after the closing date.
- 6.5 Entries must be made by the club on the prescribed entry form. The entry form must contain information on taxation requirements including amateur status.
- 6.6 A minimum of 60% of all entry fees is to be returned in prizes. This ensures a fair return to all participants. To allow for tournament operating costs, host clubs may wish to incorporate two tournament fees – a reduced entry fee to cover the prizes, trophies and engraving etc and a registration fee to cover operating costs such as venue costs, transport and catering etc.

7 SPONSORSHIP, ADVERTISING AND SUPPORT

- 7.1 The host club shall be responsible for obtaining any sponsorship, advertising and support deemed necessary.
- 7.2 The host club shall take reasonable action to ascertain that any sponsorship, advertising or support does not conflict to the detriment of Clubs New Zealand.
- 7.3 Clubs New Zealand will provide support for every tournament as approved by the Board including administrative support through National Office.

8 DELEGATES MEETING

- 8.1 The delegates meeting shall be held at an advertised time when there is no play. The delegates meeting shall vote on all remits and tournament applications which must be tabled prior to the meeting.

This will include

- 8.5 The Clubs New Zealand representative must complete a delegate's report and forward to Clubs New Zealand.
- 8.6 The host club shall forward to Clubs New Zealand as soon as possible after the completion of the tournament, the minutes and financial report of the tournament, along with any rule changes, remits, applications, letters of intent, tournament results and any other relevant reports.

- 8.9 In the event that a vote is taken, two scrutineers must be appointed.

Applications must be accompanied by a letter of intent from the club executive. A copy of the application and letter of intent must also be forwarded to the host club. The application must be added to the meeting agenda, to be tabled at the delegates meeting.
 - (b) A contract to host, coordinate and deliver a Clubs New Zealand tournament is to be sent out from Clubs New Zealand to the successful host club.

revoke the host club appointment and make alternative arrangements for the tournament.

SECTION 3 AFFILIATION RULES

3 AFFILIATION RULES

- 3.1 Particular Clubs New Zealand tournaments require members to be affiliated to that particular sports body before they are entitled to enter the Clubs New Zealand tournament.

For example: If the member of the outdoor bowls adjunct wishes to play in Clubs New Zealand tournaments they are required to be affiliated with Bowls New Zealand.

- 3.2 Associate Members wishing to participate in Clubs New Zealand tournaments must be ordinary members of Clubs New Zealand to be eligible to play in the sports tournaments.

SECTION 4 TAXATION LIABILITY OF SPORTING ADJUNCTS

4 TAXATION LIABILITY

- 4.1 Each club is an incorporated society, or in some cases, a friendly society. As such the club is a 'body corporate' and is issued with an IRD and a GST number.

THE CLUB IS RESPONSIBLE AND LIABLE FOR ALL TRANSACTIONS THAT TAKE PLACE INVOLVING IT.

- 4.2 Many clubs form separate sporting adjuncts, sections to cater for particular interest or establish funds for a particular event. In many cases, these groups may have individual bank accounts, either separate or another accounts within the club's main account.
- 4.3 Transactions involving these groups are conducted separately from the club's main activities and in many cases GST is not considered or declared. In other circumstances such as raffles, GST is claimed on the prizes but is not paid on the income from the tickets.
- 4.4 There are only two options for a club in this area:
- (a) If the sporting adjunct or section is a separately incorporated society or a division completely controlled by its own constitution, then that organisation may have its own separate IRD and GST number.
 - i. This division or section would be completely responsible for its own finances and liabilities. It may elect not to register for GST if the total transactions are less than \$60,000 per annum
 - (b) If the adjunct or section is not separately incorporated or in complete control of its own functioning, the club is responsible and liable for all of the financial transactions of the adjunct.
 - i. As such, all of the financial transactions of the adjuncts and sections must be part of the clubs accounting procedures.
- 4.5 If a section is claiming GST recovery on its expenses then it must pay GST on its income. Therefore a sporting adjunct that raises its own funds must pay GST on that money, to be able to claim GST on any expenses.
- 4.6 Taxation is paid at 28 cents in the dollar on all interest earned outside the circle of membership. If your organisations net interest income is above \$1,000 per year, you may be eligible for a deduction of up to \$1,000. If you subtract this amount from your organisations income, you reduce the amount

of tax to pay. To qualify for this deduction, your organisation will need to have written rules. An organisation without rules or a constitution won't qualify for the \$1,000 interest income deduction. Friendly societies are exempt from all tax on interest.

4.7 Sporting adjuncts with their own bank accounts will only be able to claim the exemption and allowance if they have a separate IRD number and qualify as completely separate bodies as defined above. Some clubs have not been including the interest earned by sporting adjuncts in their taxation declaration.

4.8 If income from interest and all taxable sources will not exceed \$1,000 then application for an Exemption Certificate from IRD should be considered, to avoid the deduction of Resident Withholding Tax.

4.9 The outcome of these errors has been that some clubs, when audited by IRD have been faced with not only paying the amounts determined to be owing but also facing financial penalties for late payments.

4.10 The solution to this matter is relatively simple.

The club structure needs to be such that while adjuncts can control their own affairs and make their own decisions as to fundraising, tournament entries, and operation and expenditure on prizes for such functions, all of the financial transactions of each adjunct or section are handled through the main club account and separately recorded within the club's own general ledger.

This enables each adjunct to have, at anytime, a statement of its financial position.

Including sporting adjuncts accounts into the main account means the adjunct has no access to earning interest in their own right and the taxation of such no longer poses a problem.

4.11 It is vital that every club:

- (a) Reviews its accounting procedures to ensure that it is not unintentionally underestimating its income tax and GST liabilities.
- (b) Ensures that all accounts established for sporting adjuncts, special interest sections or special projects or funds are identified and that all the income and expenditure of those accounts are included in the main club accounts.

The liability for income taxation and the implementation of accounting systems to ensure that the correct amount of tax and GST is paid can be a complicated process.

5 SPORTING ADJUNCTS

5.1 The association's auditor has drawn attention to the fact that some of the sporting associations that operate the tournaments are not separately

incorporated bodies, but were organising tournaments under the name of Clubs New Zealand. Some are handling significant amounts of money, in some cases for considerable periods of time. The auditor pointed out that those funds should properly come under the overall control and responsibility of the association.

- 5.2 The issue is an important one and there is a clear lesson, for this association and for all member clubs. If the sporting codes/adjuncts are not separate legal entities by having become incorporated societies in their own right, then this association or the individual club respectively, may be legally liable for all financial matters conducted by the sporting code/adjunct in question.

6 PRIZES AND PAYMENTS TO AMATEUR SPORTS PERSONS

- 6.1 Club tournaments are ordinarily open to all members who will largely represent amateur sportspeople. The IRD has clarified the rules concerning prizes in all sports tournaments. They are as follows:

Where prize money over \$500 is paid to an individual, who is NOT an amateur, withholding tax at the rate of 20 cents in the dollar is to be deducted for all amounts in excess of \$500.

- 6.2 All entry forms should therefore contain the following statement by the individual:

'I hereby confirm that I am an amateur sports person and this statement is made in view of the income tax requirements.

Signature _____ Date _____

- 6.3 If the winner is not a professional sports person, in other words an amateur, no withholding tax deduction will arise.

Where the prize winner is NOT an amateur, or has not signed the declaration in section 6.2 above to evidence this, a withholding tax deduction should be made.

As an example, if the prize is \$600, 20% tax is deducted of \$120 and the net prize paid of \$480 to the prize winner.

- 6.4 The responsibility for paying the withholding tax to IRD is that of the organizing club that is funding the event. In the case of Clubs New Zealand sports grants and prizes, Clubs New Zealand is responsible for the tax as applicable..

- 6.5 All non amateur winners that receive prizes in excess of \$500 that have tax deducted are required to complete and sign an IR 330 form. It is vital that the winner's IRD number is correctly stated on the form otherwise monthly PAYE returns will be incomplete, and it may be difficult for the recipient to reclaim the tax.

The tax is to be declared as part of the club's monthly PAYE return.

- 6.6 The responsibility for ensuring the tax is deducted lies with the organising Club. Failure to deduct the tax could result in the club being liable for the tax and subsequent penalty charges.

7 PAYMENT OF DEDUCTIONS TO IRD

- 7.1 Where deductions have been made from withholding payments, they must be included with the monthly payments of PAYE as deducted from employees and paid in to IRD.
- 7.2 At the end of the year the total payments made must be reconciled with the deductions shown on all the club's copies of certificates for employees and contractors.
